CERTIFICATIONS

The most important sunlight reaches the earth is infrared radiation. DiaVista lens technology powered by NIRTECH® protects your eyes from this invisible ray and protects your vision!

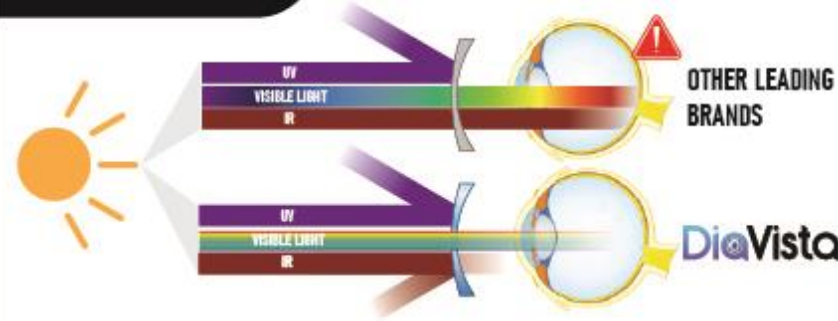

THE TRUTH OF SUN'S RADIATION

Our Patented Technology Provides 80% protection from NEAR-INFRARED light. Everyone has UV + POLARIZATION, we are the only one with IR protection! Infrared light is very harmful to the eye, even though it is not perceived as very bright. Nirtech is the only lens that protects against infrared light. 50% MORE PROTECTION THAN OTHER POLARIZED LENSES

- Blocks INFRARED Radiation
- Filter Out Harmful BLUE LIGHTS
- Anti-Glare Coating
- Hydrophobic/ Oleophobic Lens Coating
- 100% UVA-UVB Protection

HOW DO WE COMPARE?

While other brands may offer UV protection and polarization, none provide the added benefit of infrared protection. **HOWEVER, DIAVISTA DOES!!**

MADE FOR ALL OCCASIONS

A brand of Bon Vivant Safety Eyewear Company Inc and Tioga Optical Lab Q02B, LLC. Distributed by LENSRLAB

PROPRIETARY PRODUCT LINES

DiaVista All-In-One Diabetic Eyewear Package: A Comprehensive, Affordable Vision Solution

Featuring prescription lenses in single vision, bifocal, and progressive options, DiaVista provides 7-light, UV, and IR protection. Innovative coatings ensure smudge resistance, glare reduction, and scratch protection. With a 40% subsidy, DiaVista delivers high-quality, affordable vision care for adults and children with diabetes.

DiaVista: The World's First Advanced Lens Technology for Adults and Children Living with Diabetes

Offering the world's first diabetic-specific lenses, DiaVista enhances visual clarity, protects from UV rays, reduces digital eye strain, and addresses the unique vision challenges like retinopathy and blurred vision faced by individuals living with diabetes.

FirstLine ANSI Safety Goggles: Industrial-Grade Eye Protection for Demanding Environments

Designed with anti-fog, blue light blocking, and shatter-resistant lenses, FirstLine Safety Goggles provide critical eye protection in healthcare, construction, and industrial settings, with optional infrared protection. Available in 7 durable frame styles.
