

Losing Vision?

Take control over your life.

**It's not
what you
can see.**

**It's what
you can
do.**

“ Before training, my family thought I couldn't live alone. Instead, I learned some ways to do most things myself. They now know that I am capable of handling my own life. It feels good to be independent.”

- Tereasa S. Program Graduate

Blind people are living full and rewarding lives.

By using a white cane, Braille, adaptive technology, and believing in themselves they are excelling in their careers and in all levels of education.

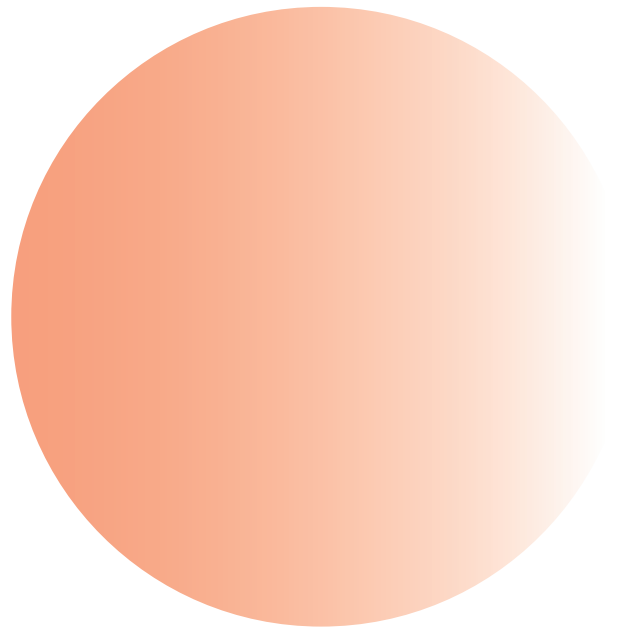

You can too!
Take action today.

Get back to a full and independent life after vision loss by learning non-visual skills at Saavi Services for the Blind.

Get empowered to achieve:

- Career and Academic Goals
- Community Engagement Goals
- Household and Personal
- Management Goals
- Travel and Recreation Goals
- Reading and Writing Goals
- Health and Wellness Goals

i expect more

i can achieve more

i will become more

Our programs restore hope and raise the expectations of:

Adults

looking to find
or keep a job.

Students in
grade school
or college.

**Children
& Youth**

preparing for
their future.

Adults 55+ who
want to stay
independent.

People

who want to
learn English.

**And so much
more!**

Don't let vision loss

interfere with your daily life and future plans.

You set your personal goals. We enable you to reach them.

After developing confidence
and non-visual skills, you will
be able to:

● **Manage**
your own life.

● **Travel** where and
when you want.

● **Problem-solve**
effectively.

● **Believe** that
you are capable.

● **Use** all types
of technology.

● **Get involved** in
your community.

● **Define** your own
independence.

● **Work** in a field
of your interest
and skills

● **Make** your
home and work
accessible.

● **Advocate** for
your rights under
the ADA.

“Ever since I learned how to use my white cane everywhere, I feel so free again.”

– Josh C. Program Graduate

“Learning to use my laptop without enlarging the fonts has made me faster at my job and took away the eyestrain. Now, I can do things faster than most of my colleagues.”

– Kim G. Program Graduate

**THERE ARE NO
LIMITS TO WHAT
YOU CAN BECOME!**
