

WE'LL READ IT FOR YOU!

With over 250 dedicated volunteers, our programming offers a personal, caring touch that carries through the sound of the voice to the listener on the other end.

LISTENER COMMENTS

"Audio-Reader gives me a strong sense of independence. Without access to print material, I would be at a loss. Audio-Reader is a lifesaver."

"I have a computer and can read the newspaper there, but I get tired of hearing the synthesized speech. My #1 choice will always be Audio-Reader's services. It's nice to be able to access the newspaper and hear a familiar voice."

"I lost my eyesight suddenly. It was startling, it was shocking, the disconnect. This service helped me learn how to feel connected to the world again."

AUDIO-READER
Sharing the Gift of Sight Through Sound

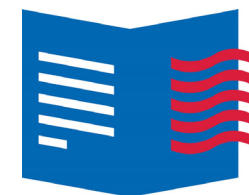

YOUR DONATION MATTERS

Audio-Reader is a non-profit organization funded by the generosity of private donations, volunteers, and foundation support. Thousands of listeners have come to depend on Audio-Reader providing these vital services every single day, and Audio-Reader counts on support from friends like you!

READER.KU.EDU/WAYS-DONATE

Sharing the Gift of Sight Through Sound

Audio-Reader is a free information service with the mission of fostering independence by providing access to information and the arts for people who have difficulty reading standard print.

AMAZON ECHO - ALEXA

Say "**ALEXA, ENABLE THE AUDIO-READER SKILL**"

Once the Skill is activated, Alexa will list options for listening live or accessing programs by name.

CLOSED CIRCUIT RADIO

Our traditional method of accessing Audio-Reader services is still an excellent choice for users without reliable internet access. Request a radio through the **Application for Service**.

ACCESSIBILITY APPS

For example, **SERO** is an award-winning accessibility app found on iTunes and Google Play app stores at no cost.

Once you have the app installed, search for Audio-Reader.

LIONS TELEPHONE READER SERVICE

The Lions Telephone Reader Service offers expanded ads, newspapers, and additional programming.

CALL 1-800-335-1221 and use code 5887 for a six minute demo.
