

## **When I Grow Up, I Can Be a Dietitian!**

Written by Suzanne Domel Baxter,  
PhD, RD, LD, FADA, FAND

Illustrated by Amanda Mahaleris,  
MS, RDN, LDN

This illustrated book features ten children from diverse backgrounds. Each child aspires to become a dietitian and work in a different setting. Each child's favorite fresh vegetable paired with a dip or topping is included, too.

Children will enjoy learning about dietitians. Parents, family members, teachers, and school guidance counselors can use this book to introduce children to career opportunities in dietetics.

As the first book of its kind to promote dietetics to children, all book royalties will be donated to support efforts to help diversify the dietetics workforce.
